THE RENDEZVOUS

MEETING PLACE
Galice Resort
Galice, Oregon

MEETING TIME
9 AM on your trip start date

AFTER THE TRIP
You’ll return to Galice on the last day around 4 PM

HOW TO GET THERE

If you Fly: The closest commercial airport is in Medford, Oregon (MFR). Plan your flight to arrive at least the day before your launch date. Shuttle service can be arranged from the Medford airport through the Galice Resort (541) 476-3818.

If you Drive: The Galice Resort is about 35 minutes from Grants Pass. You can leave your car in the parking lot at the Galice Resort, and we’ll drive you back there after the trip. You may opt to have your car shuttled to the take-out if your travel plans will take you toward the Oregon coast. You can make shuttle arrangements the morning of your trip with the Galice Resort.
WHERE TO STAY BEFORE AND AFTER

Make reservations well in advance. Northwest Rafting Company does not make reservations or cover the cost of your room.

Camping at Almeda Bar, Indian Mary, Griffin Park, Whitehorse Park, Lake Selma Park, and more can be reserved through the Reserve America website or by calling (800) 452-5687.

NWRC PROVIDES THE FOLLOWING

- Transportation from Galice to the river
- Transportation from the river back to Galice
- All on-river meals
- Tent*
- Sleeping bag and sleeping pad*
- Waterproof bags for your personal gear

* Camping Gear is available from us at no additional cost, but you must request them. Please indicate your gear requests in your trip registration on our website.

YOU ARRANGE THESE DETAILS

Some things are out of our hands. You’ll need to make arrangements for the following:

- Meals and lodging before and after your trip
- Personal clothing and other miscellaneous items
- Transportation to and from Galice, OR
- Guide gratuities

ROGUE RIVER WEATHER

The summer weather in southwest Oregon is usually very pleasant: warm and dry. However, you need to be prepared for wet, cool weather as well as dry and hot. This can be easy if you pay attention to the information provided and to your own tolerance to varying conditions.
ON THE RIVER - TYPES OF BOATS

PADDLE BOATS are 14 to 15 foot boats that are powered by strokes of the paddle crew. The guide typically sits in the back and gives paddle commands to the 4 to 7 paddlers.

OAR BOATS carry gear and supplies as well as one to four passengers. A ride on an oar boat is an opportunity to relax, enjoy the scenery, watch for wildlife, or chat with friends and family. The oar boat is the least active option and typically provides the greatest stability.

INFLATABLE KAYAKS (“DUCKIES”) are an opportunity to paddle under your own power and direction. The guides will give instructions before the trip and directions for navigating the bigger rapids. Helmets are always required in the inflatable kayaks. They are only available to paddle when the guides deem it appropriate.

TOILETS AND SANITATION

We will be using portable river toilets. When setting up toilet facilities we are conscious of sanitation and privacy needs. We follow Leave No Trace principals and guides will instruct you in simple procedures that minimize the impact of our group on the canyon. We ask for your cooperation.

PACKING AND BAGS

Each individual will be provided a dry bag for the duration of the trip. The bag, when fully packed, measures about 17 inches in diameter by 32 inches in height and is almost the size of a large garbage bag.

Your sleeping bag, pad, and personal items must fit into this bag. Separate bags will be available for tents. You will also be provided with a dry day bag for items you may want during the day, such as a camera, chapstick, sunscreen, extra layer, or rain gear.

USE THE “LAYERING SYSTEM”

BRING CLOTHES THAT CAN BE WORN UNDER OR ON TOP OF OTHERS
Layering allows easy adjustment to quickly changing weather by adding or subtracting layers. Loose, fast drying, durable clothing is best for rafting.

POLYPROPYLENE (POLYPRO) OR FLEECE
These synthetic materials wick moisture away from the skin. A medium or heavy weight shirt and pants are essential as the first layer in cool or wet weather.

MERINO WOOL
Merino Wool is a natural fabric that is more expensive, less durable, and heavier than polypro. Its advantages are odor resistance, soft feel, and is easier to dry at a campfire.

COTTON
Cotton can significantly lower body temperature when wet. It should be avoided for cold and wet weather trips.

RAINWEAR
A rain jacket and pants can protect you from the spray from rapids as well as wind and rain from storms. Coated nylon or breathable fabrics such as Gore-Tex are best.

FOOTWEAR
You’ll find guides and fellow guests in tennis shoes, wetsuit booties with soles, and river sandals. Closed toe shoes do offer the most foot protection while on the river and, if worn with wool or neoprene wetsuit socks, they can help insulate your feet when the water is cold.

PACKING PRO-TIPS

- Pack clothing that can get wet and dirty. To cut down on bulk, plan to re-wear your dry clothes.
- Large Ziploc bags are great for organizing items like toiletries, electronics, or socks and underwear.
- Bring a garbage bag to keep your dirty clothes separate from everything else.
- We are traveling through remote wilderness. There is no internet, no cell service, and no electricity. If you need to be reached while on the river, consider renting a satellite phone.
- If you bring a camera consider purchasing a Pelican Box to protect it.*
- If you bring your smart phone it’s a good idea to purchase a waterproof case.*

* We receive a commission if you purchase from these links.

WETSUITS AND PADDLE JACKETS
These are sometimes required for cold weather trips in April and May although you may not need to wear them every day. We’re happy to provide them, but you’ll need to tell us what size you would like as part of your trip registration. Our wetsuits are 1/8 inch farmer john style and can be worn over your polypro or wool shirt and with a paddle jacket on top.
PARTICIPANT RESPONSIBILITIES
— All participants will be required to follow the safety policies and procedures of Northwest Rafting Company and its guides. All participants will be required to sign an agreement to assume all risks; release of liability/agreement not to sue & to indemnify in favor of Northwest Rafting Company.

THE MORNING OF YOUR TRIP
— At 9 AM your head guide will meet you in front of the Galice Resort. Come to the meeting point dressed in your river clothes. A shuttle van will take you on a five minute ride to the put-in. Be sure to eat a hearty breakfast before your trip! There is a restaurant and small store at the Galice Resort.

ON THE RIVER
— The pace of your river trip is very dependent on the water level! You will usually spend four to five hours a day on the river. Breakfast is served about 8 AM and you are typically on the river around 10 AM.

There will be a stop mid-day for lunch and maybe a short hike. We set up camp in the late afternoon, allowing time to hike and relax before dinner. If you are new to camping the guides will be happy to help you pick a camp and set up a tent so don’t hesitate to ask.

AFTER THE TRIP
— The trip ends in the early afternoon of the last day. At this time you say good-bye to your guides (except your head guide) and board a van, which will return you and your gear back to Galice.

The van trip takes about 3 hours, arriving back at Galice around 4 PM. It’s a beautiful but windy drive: those prone to carsickness may want to be prepared with Dramamine and sit near the front of the van.

MEALS AND ALCOHOL
— NWRC provides all meals from lunch on the first day to lunch on the last day. Dietary restrictions and allergies can be accommodated with advance notice. Alcoholic beverages may be brought, preferably in unbreakable containers. For your safety, drinking alcoholic beverages on the river is not allowed.

FISHING
If you’re interested in fishing you’ll need a fishing license which can be purchased at the Oregon Department of Fish and Wildlife website. Please bring collapsible rods in unbreakable cases.

RIVER GUIDES
— Our guides have a deep appreciation for the rivers we run, and want you to enjoy your trip with them. They are happy to help you if you are an inexperienced camper or have questions about the river.

NWRC guides are accomplished in outdoor skills and extensively trained in first aid and CPR. In addition, the guides are mature, interesting people we think you’ll enjoy.

GRATUITIES
— We are often asked if tipping is appropriate. Tips are certainly appreciated by your guides and are usually around 10% to 15% of the trip cost. Tips can be given to the head guide who will evenly distribute them between the guide crew.

Whether and how much you tip should depend on your satisfaction with the trip, your feelings about tipping, and your financial means.
